The Sabre 38

The Sabre 38 was designed by the Sabre Design Team. Please consult your Sabre Dealer for more details. Some optional equipment is shown in the brochure. All specifications are approximate and are subject to change without notice. Mast height does not include optional masthead equipment.

Specifications

L.O.A.	38'8"
L.W.L.	31'5"
Beam	12'4"
Draft:	
Deep Keel	6'6"
Centerboard-up/down	4'3.8"0"
Wing Keel	4'11"
Ballast (lbs.):	
Deep Keel	6,600
Centerboard	7,000
Wing Keel	7,000
Displacement:	
Deep Keel	16,900
Centerboard	17,300
Wing Keel	17,300
Total Sail Area (sq. ft.)	689
Mast Height Above W.L.	55'6"
Winches (Lewmar)	6
Water Tanks-2 (total gals.)	106
Holding Tanks-2 (total gals.)	38
Cockpit Length	8'3"
Headroom (main cabin area)	6'4"
Berths (no. @ size)	7 @ 6'6"
Westerbeke Aux. (h.p.)	35
Cylinders	4
Fuel Tanks (gals.)	45

Performance through Design

The Sabre 38's hull is designed to be easily driven while carrying the weight of a moderate displacement yacht. It's a powerful hull shape that yields speed, stability and sail carrying ability. The rudder, a semi-elliptical foil section, adds to the yacht's performance abilities. Her skeg gives the directional stability of a full keel boat with much less drag.

A fin keel is standard on the Sabre 38, but for those who do most of their sailing in shoal water, Sabre offers a Deltawing™ keel, with a draft of 4'11", or a centerboard with a board up draft of 4'3".

The Sabre 38's galley is simply a pleasure to be in. L-shaped, with generous storage and counter space, it has everything needed to prepare an elegant meal including a well insulated icebox, deep double sinks and a four burner CNG stove with oven.

Gracious Living Accommodations

Below, the Sabre 38 has 6'4" of headroom, two private cabins, 7 berths, an expansive galley, head and navigation station.

The aft cabin is another delightful retreat, with a comfortable double berth, a wide settee and hanging locker, and plenty of shelf space. The forward cabin has a wide V-berth, hanging closet and an elegant vanity with sink and settee. The main salon features a large dining area with contoured seating and a handsome teak or cherry table. The table folds away and the port settee converts to a double berth. The starboard settee serves as another berth.

Her ergonomically designed cockpit measures 8'3" long and is fitted with top quality hardware.

Committed to Excellence

With over 1500 meticulously handcrafted varnished wood components, the Sabre 38 is built to custom boatbuilder's standards. In keeping with the Sabre heritage of quality, we select the finest materials for every yacht we build. You'll find names such as Edson, Hall Spars, Harken, Lewmar and Westerbeke to name a few... a few more reasons why Sabre has come to stand for superior quality and craftsmanship for over two decades.

The hull and deck are made of hand-laminated fiberglass mat and knitted roving with balsa core as a stiffener. Sabre increases hull durability by incorporating vinyl ester resin and ISO NPG gelcoat into the Duralam™ protection system.

SABRE

The Sabre 38 Power & Sensitivity Combine for World Class Sailing Performance

The Sabre 38 achieves high performance levels through a unique combination of power and handling characteristics. So whether you're bluewater sailing or cruising to your favorite destination, the Sabre 38 gives you the control you need while providing comfort and convenience.

She has a high aspect rig with double airfoil spreaders and rod rigging. The boom is equipped with an internal clew outhaul, topping lift and two sets of jiffy reefing. The jib halyard is led to a mid-cabintop Lewmar winch. Main halyard and reefing lines are led aft to Lewmar winches on the cabintop within easy reach of the cockpit. To make sail handling even more convenient, Sabre offers as an option a furling system that combines a roller furling headstay and Hood Stoway® mast.

The Sabre 38 is designed to enhance every aspect of her performance. Her ergonomically designed cockpit measures 8'3" long and is fitted with top quality hardware. With a separate cabin fore and aft and a spacious main salon, the Sabre 38 can easily accommodate three couples with privacy. Elegantly finished in varnished teak or cherry, she makes entertaining at the dock or at sea a pleasure.
